Transmission

HIGH SPEED DATA TECHNOLOGY

Key Features

- ✓ Compact Design For Power & Data Transmission
- ✓ 360° Shielded for EMI Resistance
- ✓ UL 94V-0 Rated
- ✓ Data Transmission Up To 10 Gbps
- ✓ Salt Spray Up To 144h
- ✓ Eliminate Epoxy and Glue Potting Process

General Characteristics

- ✓ Operating Temperature -40°C ~ 125°C
- ✓ IP68 Waterproof Rating:
 - Receptacle: Unmated
 - Overmolded / Field Installable: Mated
- ✓ Mating Style: Push-pull Mechanism
- ✓ Durability: 5,000 cycles
